

## How to successfully participate in FP7 ICT projects

*Enis Kocan – University of Montenegro*

*Sasa Ivanovic – Ministry of Education and Science*

IT conference  
Zabljak, 25.02.2010.

 About ICT-WEB-PROMS

 Project background

 Project objectives

 Project participants

 Activities

- ✧ Support action funded under the FP7-ICT Call 3
- ✧ Start: January 2009 and will last for the next 2 years
- ✧ Collaboration with **WINS-ICT** since the 2 projects share the same goal: to support the WBCs in their path for joining the ERA and becoming more closely involved in FP7 initiatives
- ✧ Joint but also parallel activities aimed at:
  - promoting ICT cooperation opportunities and enhancing capacities of the WB ICT researchers
  - improving the policy dialogue in the field of ICT, reflecting the WBCs needs and priorities in future ICT work programmes.

## Motivation

- ✧ Organizations in WBC still **lack experience** with European ICT research
- ✧ **More work needed** to bring WBC closer to the EU, and to implement the Information Society and the European Research Area (ERA)
- ✧ **Connecting** the WBC

# Project objectives

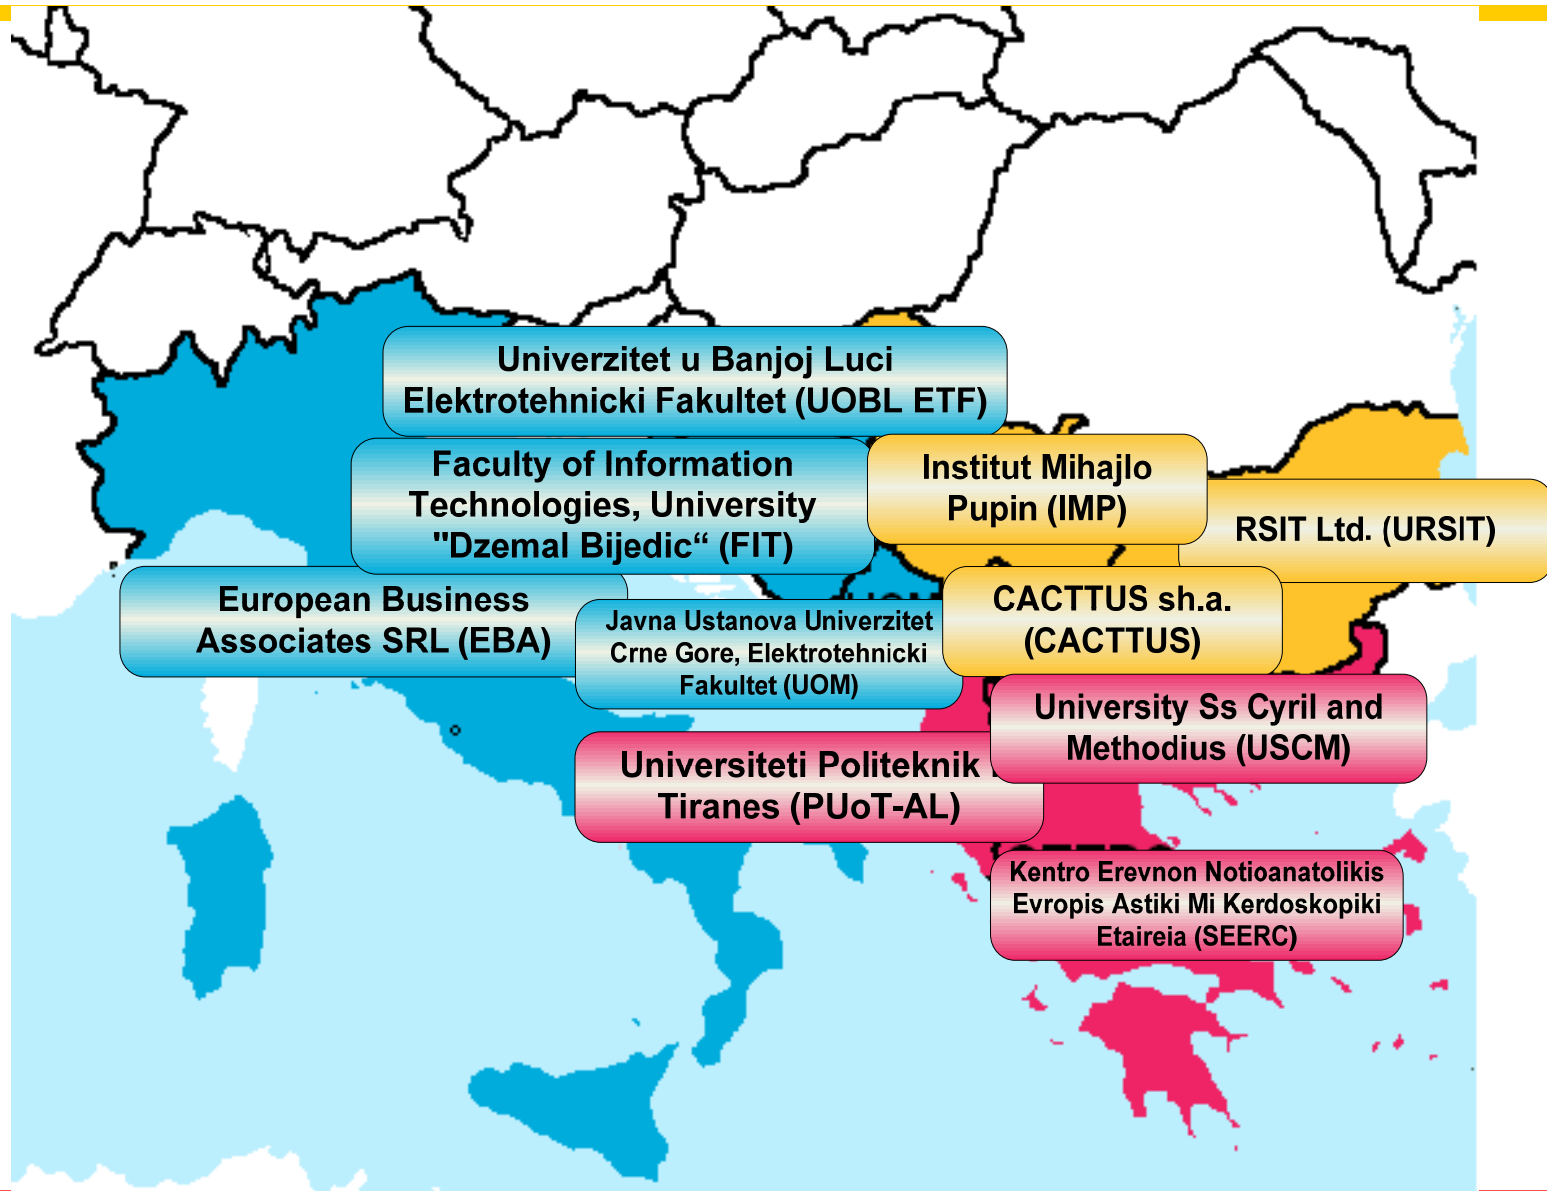

Networking of WB and EU countries in the area of ICT

Increase the capacity of organizations from WBC to create ICT technology and participate in the FP7 ICT programme

Create a supporting project environment and tools that are sustainable

Contribute to the implementation of ICT and information society strategies in WBC and support EU policy for cooperation with WBC

# Beneficiaries

## Stakeholders (organizations interested in European ICT research)

### European stakeholders

- Interested in collaborating with the WBC in the ICT area
- Introduction of their technologies into the WB market
- Strengthening EU competitiveness

### WB stakeholders

- All organizations interested in European ICT research
- Candidates for participation in ICT/FP7 projects
  - Universities
  - Research organizations
  - NGOs
  - Service providers
  - Public authorities
  - User groups and industrial organizations
  - Developers and users of ICT
  - ...

- ✧ Idea - help the network members from the WBC to find cooperation partners from the EU and to participate in FP7 funded projects

HOW???

- ✧ **Partnerships**
- ✧ **National activities** (horizontal workshops, roadshows)
- ✧ **International activities** (vertical workshops)
- ✧ **Specific actions** ([web portal](#), training material)
